PRESIDENT'S MESSAGE

Moving Forward with CAPE

By Carlos Clayton, CAPE President

CAPE President Carlos Clayton, P.E. Unit 501, DPW

What does the word "Union" mean

As members of a labor union, we are part of a movement that provides us with better pay and working conditions. We have a voice where many do not.

But for CAPE members, I think sometimes the concept of being part of a union can get lost in the day-to-day demands of our jobs. It's important to understand that CAPE membership is more than just discounted movie tickets.

What does CAPE membership provide?

- Equity
- Equality
- Justice
- A Voice in the Workplace
- · Working Together
- Fair Treatment
- Due Process Solidarity

CAPE is a union that stands for justice, fairness and equality in the workplace. We work together in solidarity to ensure due process and to give you a voice in your workplace. More than 50 years ago, road, flood and county engineers recognized the need to form a union and be represented in the public sector workplace. They chose to have a voice instead of letting layers of government bureaucracy hamper their ability to get better pay, working conditions, promotions, safety equipment and more.

As we begin 2018 and prepare for negotiations with Los Angeles County management, we need to remember why we are members of CAPE and understand we are united in having that voice in the workplace.

Unions are at a crossroads this year, where attacks on our rights as public sector union members are happening daily. There are people and organizations out there who want to take away the rights we established back in 1964 with the formation of CAPE and have built upon with every contract negotiation since then.

You have to ask yourself why? Why do these influential and well-funded organizations like the Freedom Foundation, the National Right to Work Foundation and the American Legislative Exchange Council want to keep us down and take away our voices? Why do they not want working professionals like us coming together to collectively bargain our contracts?

CAPE Members Walk (and Run) to End **Homelessness**

For a second year, CAPE joined more than 40 other unions to be part of the LA County Federation of Labor's "Homeless Heroes" team for the United Way's annual HomeWalk. The walk/run raises awareness and

funds for the United Way's homeless programs. Labor's team this year totaling more than 300 walkers and runners - is the only team dedicated to raising funds to help homeless veterans into permanent housing. The team on average raises \$15,000 a year, of which 100% goes towards ending veteran homelessness.

Thanks to the CAPE members and their families who joined with their friends in labor for this important community event!

CAPE Begins Negotiations Process

Bargaining Units 131-132

CAPE has started the process in preparation for the 2018 contract negotiations with Los Angeles County on successor contracts for units 131, 132, 501, 502, 511 and 512.

At its January Board Meeting, the board selected a group of volunteers for the negotiating team and

CONTRACT NEGOTIATIONS

meetings started in February to prepare proposals. Visit capeunion.org/negotiations18 to see the list of team members. On Saturday, Feb. 24, the team met for the first time for an

orientation and to begin drafting proposals. Their initial

proposals were given to CAPE General Counsel Blaine Meek, who will review and craft the proposal language. Between now and May, the teams will be working with Meek in reviewing and approving the proposals' language before a package is submitted to the CEO toward the end of May.

On March 22, members met at the CAPE office for a seminar on how to present salary inequities to management at negotiations.

Pursuant to the MOUs, CAPE will provide written notification to open up bargaining with the County between May 15 and May 30. Negotiations will commence no later than June 15.

Additionally, bargaining for the Fringe Benefits contract, which is negotiated by the Coalition of County Unions (CCU) commenced March 28.

Proposals are currently in the process for that contract. The Fringe Benefits contract covers all represented Los Angeles County employees and includes MOUs on

vacation, sick leave, retirement, holidays and more. Copies of both the CAPE MOUs and Fringe Benefits are

available online at capeunion.org/mous.

Please check the CAPE website for updates at www.capeunion.org/negotiations18. We will also send member updates on the negotiations to their home email addresses as the talks progress. Please make sure your home email address is updated in our database. CAPE has also established an email for negotiations, should you want to send information, 2018negotiations@capeunion.org. ■

Why I Joined CAPE

"I joined CAPE because I believe that through organized professionals coming together in unity, one has more 'CAPE-abilities' and support to create progress than by acting individually."

Ask the Business Agent:

"I received a Letter of **Admonishment, what** does this mean?"

Analisa Alvarez

A standard Letter of Admonishment is issued when a complaint is filed on an alleged County Policy of Equity (CPOE) violation with the County Intake Specialist Unit (CISU). The Letter of Admonishment is delivered to the complaining party and the subject of interest and a signature is requested verifying receipt of the letter. This is not a disciplinary

measure, it is simply a notification that a CPOE complaint was made by you, on behalf of you or against you. If the complaint was made against you, you have the right to representation at the investigatory meeting. Call your CAPE business agent at (626)243-0340 for advice. ■

CAPE Members Tee Off at Golf Tournament

For the first time in the tournament's history, a team from the LA County Assessor's Office was among the day's winners. Thanks for all who came out for this great day of union camaraderie!

President's Message (continued from page 1)

Well, a lot of it has to do with money and politics and the idea that the 1% should have control over the 99%. That is simply not how democracy works. In Los Angeles County, we are lucky to have a Board of Supervisors that understand the need for public sector employees to have union representation and who support us. But that can change any time during any election. That's why we must remain steadfast in our purpose and supportive of our union.

Now is the time to reflect on what you want out of your union and how you can be a part of it.

Remember, Union starts with YOU.

As we start negotiations on both the Fringe Benefits and CAPE contracts, let's get to work in 2018 and help CAPE grow!

Trust Update: Diabetes and Your Eyes

Did you know that an eye exam can be the first clue to detecting diabetes and other hidden health concerns? Finding these issues early can give patients a better chance at preventing damage through early treatment and management.

According to the American Diabetes Association, diabetes is defined as a group of diseases characterized by high blood glucose levels that result from defects in the body's ability to produce and/or use insulin.

One of the well-known effects of diabetes is eye and vision damage caused by diabetic retinopathy. This means that delicate blood vessels in the eye swell or bleed. They may also grow abnormally on the retina itself. This allows unprocessed blood sugars, fats, and proteins to leak out of weakened blood vessels. That's what damages the retina and can cause

Roughly 90% of diabetes-related blindness can be avoided by getting an annual eye exam.

Diabetes and Pre-diabetes Facts

Here are some surprising facts about diabetes: • 54 million Americans have pre-diabetes and most

- don't know it. • Nearly 24 million Americans have diabetes.
- Diabetes accounts for about 24,000 new cases of
- vision loss each year • Lifestyle risks for diabetes are physical inactivity,
- poor diet, and obesity • Diabetes has genetic factors like family history and ethnicity - Black Americans, Hispanics, American
- Indians, Asian and Pacific Islanders are at higher • Others at higher risk include older individuals, those with gestational diabetes, and babies

weighing more than nine pounds at birth. To schedule your annual eye exam appointment, CAPE/Blue Shield Lite and Classic POS Plan participants please visit VSP Vision Care at vsp.com or call (800)

Union Works to End Contracting Out at DPW

For the last year, CAPE has been in talks with the Department of Public Works Director Mark Pestrella on ending the practice of unnecessarily contracting out work in Building and Safety. The union has made great strides in this area, which has resulted in new jobs opening up and new members joining CAPE.

CAPE believes, based on strong evidence it has discovered, that the practice has become egregious, with contractors being hired on for years at a time. As a result, these contractors have taken on work normally assigned to DPW employees represented by CAPE. Additionally, these contractors have become basically long-term temp workers for the county.

The union's efforts, led by CAPE's board members from DPW, took an important turn late last summer when Director Pestrella, with the encouragement of Sup. Janice Hahn and Sup. Hilda Solis, agreed to terminate contract inspectors in Building and Safety and expedite hiring permanent employees in the Building Engineering Inspector classification. Although a formal agreement is not in place, the decision has resulted in several new hires by DPW and a bump in CAPE membership.

This issue is not just with Building and Safety. CAPE is monitoring the practice in other units/divisions and the departments where there are represented members. We will keep members updated on our continued negotiations.

KNOW YOUR RIGHTS: Using Weingarten in Disciplinary Meetings

by Timothy Farrell

Did you know you have rights to union representation if you're called into a meeting that may result in discipline?

Your Weingarten Rights to Representation protect you from unfair investigatory disciplinary practices of the various investigative agencies of the County. But these rights are no good to you unless you invoke them anytime you are called into a meeting with your superiors that could result in discipline for you.

Don't hang yourself in the misguided thought that HR, your Supervisor, the Department Civil Service Representative or an investigator from the County Equity Oversight Panel (CEOP) has your best interest at heart. They don't. Their job is to

protect their department and the County from liability derived from alleged employee misconduct. There is no such thing as an informal investigative meeting or "off the record chat."

The first question you should ask if you are called into a meeting about an incident is "can my responses be used as a basis for my being disciplined?" If the answer is yes, ask that your CAPE business agent be present. CAPE provides members a card which has a statement you can read that can stop your interview and allow you to contact your union for representation. These cards are available at our regular tables at the Hall of Administration (two Wednesdays per month) and the Department of Public Works headquarters (one Thursday per month). If you don't have access to these regular CAPE tables, contact us at info@capeunion.org and we'll deliver one to you! It's important to understand you have rights and that any given response to a question could lead to serious

disciplinary actions, career disruptions and/or co-worker alienation. So remember, if you are called into a meeting that you believe could lead to discipline, assert your Weingarten Right to Representation and don't think for a minute that you can represent yourself. There's an old adage that goes, "an attorney who represents themselves has a fool for a client."

Don't you be that fool! Call CAPE first. ■

CAPE's Annual Membership Dinner Welcomes State Treasurer

Hundreds of CAPE members and their guests were treated to live jazz and a special guest, State Treasurer John Chiang, at the annual CAPE Membership Meeting & Dinner held Oct. 5 at the Pasadena Hilton.

This annual free event for CAPE members and a guest includes the State of the Union and a fun evening of meeting with fellow union members.

Before the dinner, members and guests mingled at the reception with live music provided by AFM Local 47 members the Leslie Baker Trio before heading over to the annual membership meeting and President Carlos Clayton's State of the Union address.

At the meeting, Clayton provided attendees an overview of CAPE's work over the last year and that the union

Following the meeting, attendees packed the main ballroom for the dinner and special guest speaker State Treasurer John Chiang, who is running for governor of California. Chiang spoke of his life as the son of immigrants and his work as state treasurer, ensuring our state grows financially and remains the world's sixth largest economy. CAPE has endorsed Chiang in his candidacy for governor of California.

The evening closed out with the ever-popular raffle, with some prizes donated by Blue Shield of California, the benefits program brokers Dexheimer Erickson and MEI Insurance Services, as well as the CAPE Benefits Trust.

CAPE would like to thank its members for attending this important annual event, which mixes a little business with a lot of fun. We look forward to seeing you next year!

YOUR WEINGARTEN RIGHTS

If a supervisor and/or management asks questions that could lead to disciplinary action, CAPE members

have the right to stop the meeting and ask for a union

representative to be present.

You may read the below statement, pursuant to the

U.S. Supreme Court Case

NLRB v. Weingarten, Inc. 420 U.S. 251 (1975).

"If this discussion could in any way lead to my

being disciplined or terminated, I request that

my CAPE representative be present at the

meeting. Without representation, I choose not to
